1 Planning, Research																																
Macro test-cases	15/02/22	18/02/22	2 3																											ı		
Macro expansion research	26/02/22	14/03/22	18																													
Milestone planning			Ongoing																													
Borrow-checker research	10/03/22	17/03/22	2 7																													
Privacy research	08/04/22	11/04/22	2 3																													
Const-generics research	24/06/22	28/06/22	2 4																													
2 Development																																
Macro expansion	15/02/22	12/03/22	27																													
Macro repetitions	28/02/22	21/04/22	51																													
Privacy pass	17/04/22	24/05/22	2 37																													
AST pretty printer	25/05/22		Ongoing																													
Dashboard	01/06/22	21/06/22	2 20																													
Const generics	24/06/22	12/07/22	Ongoing																													
Borrow-checker			Ongoing																													
3 Talks, Conferences, Trade fairs																																
Live Embedded Event #3	10/05/22	18/05/22	2 8																													
Embedded World 2022	15/06/22	24/06/22	9																													
4 Recruitment, Mentoring																																
Google Summer of Code mentoring	7/6/2022		Ongoing																													
Engineering Interviews			2
